CloudShield Director to Speak on Guru Panel at ISS World MEA

*David Helms to discuss investigation and intelligence gathering
for telecom operators*

Dubai, United Arab Emirates – February 18, 2009 – [CloudShield](#)

Technologies, Inc., a leading provider of service management and infrastructure security solutions, today announced that its director of professional service, [David Helms](#) will be on the 'Investigation and Intelligence Gathering Guru' panel at [ISS World MEA](#) in Dubai, UAE. The session will take place on Tuesday, February 24, 2009 from 14:45 – 15:45.

This session is part of the conference focused on criminal investigation and intelligence gathering. The track is ideal for law enforcement agents, intelligence and security analysts who have investigation and intelligence analysis responsibilities associated with telecom operator networks, electronic surveillance technologies and information sharing.

[ISS World MEA](#) is a gathering of Middle East and African telecom operators, law enforcement officials, intelligence and defense analysts responsible for lawful interception, electronic investigations and network intelligence gathering. ISS World programs present the methodologies and tools to bridge the chasms from lawful intercept data gathering to information creation to investigator knowledge to actionable intelligence.
